AUDITOR'S REPORT

February 19, 1985

This is to certify that I have examined the books, bank statements, and other financial records of the town of Jefferson, N.H. for the fiscal year 1984 and found them correct.

MARIE R. BOND
Auditor

FIRE CHIEF'S REPORT

In 1984, the Jefferson Fire Department responded to 15 alarms. They were of the following nature:

Chimney fires	8
Mutual Aid	4
Car	1
Grass	1
Car accident	1

Chimney and stove pipe inspections are high on the list for fire prevention. These inspections should be done weekly and pipes and chimneys cleaned as necessary. Chimney brushes and chains are maintained by the Jefferson Fire Department and are available anytime by calling Ass't Chief Vyron Lowe at 586-7722.

Smoke alarms have saved many lives and dollars in property, but they are not maintenance free. Please check and change your batteries. New homes or homes rebuilt to 50% of their valuation must have 110 volt powered smoke detectors as of July 1, 1984, per R.S.A. 153:1.

The opportunity to use the Gray home for mutual aid fire training was a great success. Fire Departments from Lancaster, Groveton, Whitefield, and Jefferson, and the Jefferson Fast Squad all trained together as one unit to save lives and the suppression of fire.

The Jefferson Fire Department and it's members wish to thank Ass't Chief Larry Coulter who retired this year after 25 years of service.

Any person interested in being a fire person or seeing our station and equipment may come to our regular meetings on the first Tuesday of each month, or call Chief Jim Kenison at 586-4340.

I again take this opportunity to thank all members, Red Phone operators and the people of Jefferson for their continued support of our Fire Department.

Respectfully submitted,
JAMES KENISON
Fire Chief

REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1,000.00 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1,000.00 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

PUBLIC HEALTH NURSING SERVICE, INC.

Public Health Nursing Service has continued to serve the Town of Jefferson since March 1983. The visiting nurse is available Monday through Friday from 8:00 a.m. to 4:00 p.m. on a regularly scheduled basis and evenings and weekends when special arrangements are made.

Skilled nursing visits include such activities as dressing changes, injections, colostomy care, blood pressure checks and health teaching.

Home Health Aides perform such functions as assisting with bathing, shampoos or following a treatment plan established by the physical therapist under the supervision of a registered nurse. In our new program the Homemaker, under the supervision of a registered nurse assists with housekeeping, laundry, shopping and meal preparation. Most recipients are elderly and there are medical reasons for needing such assistance.

Children enrolled in our Well Child Clinics receive physical examinations, immunizations and dental care. Blood pressure clinics are held monthly.

A total of 8079 visits were made during 1984 to the six town area served by our Agency.

The continued ability of Public Health Nursing Service to meet the health needs of our communities is dependent on the contributions of time, effort and appropriations to the Agency from the communities served.

Respectfully submitted,
ROBERTA DAYCOCK, R.N.
Director, Public Health Nursing

LIBRARY TRUSTEE REPORT

During 1984 the Library underwent several improvements to the physical plant. With the remaining funds from the LSCA Title II Grant the walls were insulated and 3 electric ceiling fans were installed. These additions make the heating system a great deal more efficient. We would like to thank the Town for providing matching funds for the grant.

The Friends of the Library donated a moveable book cart to the Library. This makes the librarians's job a good deal easier and we thank them for the gift.

We would also like to thank everyone who has helped on projects, given gifts, or rendered services to the Library.

Come visit your Library--it is a valuable community resource!

Respectfully,
ADELE WOODS
SHIRLEY CALL
WILMA CORRIGAN
Trustees

LIBRARIAN'S REPORT

Several improvements were made at the Library this year. A matching grant was applied for and received by Trustee Chairman Adele Woods. It provided insulation for the ceiling and walls, new electrical outlets and ceiling fans.

Wilbur Nevers was responsible for having the sign repainted over the porch for which a big thank you is extended.

The "Friends" contributed funds for a much needed book-cart and money for audio visual materials such as cassette book sets which are very popular and quite expensive so this gift was greatly appreciated.

As usual the "Friends" were very active throughout the year with the 4th of July celebration, baked sales and Christmas Bazaar. A monthly story hour was started in Oct. and was well received. Many welcome baskets were delivered during the year and were instrumental in bringing new patrons into the library.

As a member of the North Country Library Coop. Jefferson co-sponsored a Disney film at the Elementary school during Children's Book Week. The State Library encourages special programs for the Community and the Library with this in mind sponsored a program on child molesting at the elementary school.

A sincere thank you to everyone who has helped the Library in any way.

Respectfully submitted,
BRENDA GROSS

NEVERS-TOWN OF JEFFERSON

SCHOLARSHIP FUND

The Scholarship Fund realized the fourth year of subsistence in an upward growing manner. Even though the committee did not hold a special fund raising project this year there were many very generous "Free-will" donations made. The annual contribution towards the awards was given by the Nevers' family, plus, well over fourteen-hundred dollars added to the principal by other generous donors.

"Many thanks" to all the benevolent individuals concerned.

The Committee voted to amend the application by having another item added to it. Hence, the applicant would be asked to give the anticipated tuition cost of the college he or she expected to attend. Also, requested the applicants' to get completed reference recommendation forms for extra curricular activities and work experiences.

There were only two recipients this year. Namely, Daniel Chancey and Lisa McIntire. "Congratulations and Good Luck" to each at furthering their education.

The Scholarship is nearly self-supporting to provide five-hundred dollars for an award or awards each year. However, after it has reached this goal we must keep it growing towards a better Scholarship, which will succeed I am sure, thanks to our concerned populace. Jefferson students are the ones that will benefit accordingly.

"Your gift of any level is greatly appreciated!"

ENMAN SCHOLARSHIP FUND

1984 was the first year for the scholarship honoring the late Charles Enman who for many years was very active and highly regarded in the Jefferson Elementary School. The Fund was able to provide a scholarship for a qualified student.

Any senior who is a resident of Jefferson attending either high school or private school, regardless of location, and planning on furthering his/her education is eligible to apply for the scholarship.

We would like to thank all who have donated to the fund. It is each ones' help that makes the scholarship possible.

Donations may be made by sending or taking a check to Rines Market or to Marietta Ingerson.

Checks should be made payable to Charles Enman Scholarship Fund. Contributions are tax deductible.

REPORT OF PLANNING BOARD TOWN REPORT - 1984

The Jefferson Planning Board consists of the following members: James Brady, Jr., Chairman; Vernard Bronson, Vice Chairman; John Marshall; Ormand Deignan, Bruce Sanborn, Selectmen's representative; and Phoebe Chardon, associate member. Mary Lou Glidden serves as Secretary. Resignations from Paul Donovan, Charlene Wheeler, Tim Noyes and Mary Lou Glidden were accepted this year. The Board is currently short two members and two associate members.

The Board has met on the fourth Tuesday of each month throughout the year in the Selectmen's Office with the exception of February 29 due to a severe snowstorm and December 25. A number of special meetings were held including several public hearings regarding the Flood Insurance Program.

Eight preliminary hearings and eight abutters hearings were held in 1984. Nine subdivisions were approved and two variances were granted.

Due to legislative changes, the wording of abutters notices was modified. Also due to legislative changes, new members are appointed to three year terms instead of five.

Members attended a town officials' meeting regarding highway reconstruction and a subdivision workshop sponsored by North Country Council.

Because of erroneous information received from planning officials many hours were devoted to review and research of the National Flood Insurance Program. In September the Town was notified that the government would be initiating steps to convert the Town to the Regular Phase; we are currently in the Emergency Phase. According to officials this will increase the amount of flood insurance available.

During the coming year the Board will review the Town's subdivision regulations and make changes as necessary due to new legislation. The public will be duly informed of any proposed changes.

WHITE MOUNTAIN MENTAL HEALTH & DEVELOPMENTAL SERVICES

The following services have been provided during the calendar year 1984. Please take notice of the variety of programs available through our agency. Your town's contribution helps us to continue to provide these services.

Developmental Services

— Early Intervention. The screening, diagnosis and treatment of children ages 0-3 who have a "developmental delay". A "developmental delay" is defined as a physical or mental handicap which slows down the normal development of a child. This service is offered to the children and their families in their homes.

Last year we provided:

- . 1200 hours of service
- . a public screening
- . service to 40 families
- . 15,000 miles of travel to provide home service.

— Sheltered Work Service. This service includes vocational training and remunerative work. We serve an average of 20 people a day who have either emotional or developmental handicaps. A sample of our service includes:

- . open 239 days
- . over \$18,000 paid to clients for their work.
- . subcontract work for local industry
- . over 500 hours of vocational training.

— Activities Services. Activities Services are directed at teaching essential life skills to our developmentally disabled clients. This includes daily living skills, basic education and pre-vocational training. Last year we provided:

- . over 900 hours of instruction
- . 200 hours of speech therapy

— Day Habilitation Services. Instruction and training for our most severely impaired population. We currently serve six multiply handicapped adults who were all former residents of Laconia State School.

Mental Health Services

We provide a comprehensive array of services to our 22 town catchment area. The fact that we operate four service sites

(Lancaster, Lincoln, Littleton and Woodsville) helps us to extend mental health services to people throughout our service area. The types of service we provide include: emergency service, individual, family and group therapy, case management, alcohol counseling and a psychiatric day program. The following information may help to describe the work we have accomplished during this past year.

- . 408 open cases
 - 20% children
 - 69% adults
 - 11% elderly
- . 199 additional cases seen during the year
- . over 12,000 hours of service
- . 9,000 hours of sheltered work
(vocational service)

I hope this brief outline will help to describe some of the work we have been doing during this past year. We have had an extremely active year serving the citizens of Coos and Grafton Counties. We look forward to your continued support.

Respectfully submitted,
DENNIS C. MACKAY
Area Director

JEFFERSON F.A.S.T. REPORT

FOR 1984

Jefferson F.A.S.T. responded to 10 calls in 1984. This year, we purchased two oxygen kits and a two-way radio with revenue-sharing funds allowed by town warrant. Special thanks are due for Alden Holmes and Will Decourcey for their donations of materials and help in making the oxygen kits. We would also like to thank the Jefferson Women's Society of Christian Service for their generous donation.

Anyone interested in helping us, in time or donation, please call Mike Smith at 586-4410, or Wendy Houghton at 586-4576.

If you need the Jefferson F.A.S.T. and/or the Lancaster Ambulance, please call 788-4911, Weeks Memorial Hospital. They will page us by radio.

NORTH COUNTRY COUNCIL

ANNUAL REPORT

Calendar year 1984 saw the North Country Council, Inc. observe its twelfth year of successful operation for towns in the North Country. The Council, as a regional, non-profit, public planning agency chartered under NH RSA 36:45, is responsible for providing assistance in local community planning, economic development, solid waste, transportation, and municipal services.

In Jefferson, we provided procedural recommendations to the Planning Board for subdivision review and continued work on the solid waste plan for the Lancaster Area Solid Waste District, including a report on the septage disposal situation in Jefferson.

In economic development, the Council hosted in the spring two region-wide economic development conferences with over 200 business, industry and government leaders attending. From the conferences, regional strategies were developed to address such issues as highway improvements, air service, regional promotion, mechanisms for regional communication, development funding, and regional job expansion. As an outgrowth of these conferences, the Council is presently coordinating the preparation of a North Country Videotape project, which, when complete, will examine the potential for industry to locate in the North Country. The Videotape will be available to Chambers of Commerce, local development corporations, and municipalities in order to promote their communities to businesses looking to expand or relocate in the North Country.

The Council has provided information and guidance to several towns on federal and state grant and loan programs. This past year saw well over \$2.0 million in Community Development Block Grant funds come to the region for such activities as housing rehabilitation, water and sewer system improvements, a downtown revitalization study, an industrial park feasibility study, and business revolving loan funds.

Community planning assistance has emphasized master planning and improvement in local land use controls. New state mandates and commercial and residential growth in several towns have created busy work loads for planning boards. The Council's regulation review and update, and assistance on a regular or onetime basis for subdivision and site plan applications. Subdivision review workshops were held in Littleton,

Campton, and Dalton and we co-sponsored the Municipal Law Lecture Series in Twin Mountain.

Overall, the Council's major objective is to work with North Country towns in solving local and regional problems. We rely on and appreciate the involvement of town officials and residents and look forward to assisting your town this coming year.

COMMUNITY ACTION PROGRAM

January 30, 1985

TO THE SELECTMEN OF THE TOWN OF JEFFERSON:

I am asking the voters of the Town of Jefferson if they would please help toward the ongoing outreach efforts of Tri-County Community Action (petition enclosed.)

This past year, fuel assistance dollars in the amount of \$27,004.62 helped 52 households, (there were 33 elderly and 22 handicapped people in these households,) indicating that we do reach the target population in your town.

Weatherization monies totaled \$3,220.48, benefiting 3 households (elderly).

95% of the Weatherization and heating source repair problems are identified and work done during the outreach part of the year. Local contractors do most of the major work.

Other outreach programs such as USDA foods, Green Thumb Garden Seeds, and emergency funds totaling \$4,861.63 also benefited Jefferson residents.

By having the Outreach office open year-round, we are able to do referrals to other agencies, provide direct assistance, and thus save many dollars in your town welfare budget.

I hope that the voters will agree, that \$350 is a small investment for the value received.

Sincerely yours,
HARRIET E. FORBUSH
CAP Outreach Worker
Southwestern Coos County

REPORT OF THE JEFFERSON HISTORICAL SOCIETY FOR 1984

History is a record of our origin.

The goal of the Historical Society is to preserve that record so that future generations can look back and learn about the settling of their home town (or adopted home). Today's happenings, no matter how insignificant they may seem, are shaping the future of Jefferson.

Apathy and indifference have brought about the loss of many artifacts, documents, photographs, accounts of events, memorabilia, etc., which would help give a more graphic picture of the past.

Rev. Grant Powers stated it thus: "The time will certainly arrive when the subject (history) will be duly appreciated, and our descendants will reproach us for our stupidity and sloth in this respect." (This was written in 1880 in his "Historical Sketches of the Discovery, Settlement and Progress of Events in the Coos County and Vicinity.")

He went on to state that every town should have a historian to collect facts and record passing events to be preserved for future reference, and that every family should obtain as full and correct a record of their ancestry as possible and each family member should make additions as events occur.

The Jefferson Historical Society has attempted to carry out these goals and welcomes your input, your help and especially your visits to the Museum. This past Summer we had about 175 persons register during the Sunday hours. We meet the second Monday of each month at 7:30 p.m. (with possible exception of January and February) and would be pleased to have you come. We especially urge the youth to visit the museum to learn more about their ancestors.

Through fund-raising events we have been able to complete repairs and shingling of the steeple this year, thanks to Alden Holmes and Edson Dean. We appreciate the help of each and every person who assisted in any way and hope more will become involved this coming year.

Respectfully submitted,
HELEN MERRILL,
President
